What went behind.....

It was a refreshing day at Festeva as TV anchor Archana Chandhoke enthralled the audience with her witty one liners and perfect comic sense. She had us doubling with laughter all through the day. The lovely lady was a bundle of energy and made sure everyone had a memorable time. A variety of games from Antakshari to belly dancing and the gulab jamun tongue twister saw enthusiastic participation by the members.

The positive feedback pouring in from members through emails, Whatsapp and Facebook, have been a great motivation for team Aura. Your feedback is as valuable to us as your presence at the meetings .

What Lies Ahead.....

As the month of Aadi draws to a close it is time for festivals and celebrations. Moving into your new house? Or redoing your present home? Or may be a new look for Dasara and Diwali. "Your personal space can be your signature", says our guest Mahalakshmi Balasundaram, a well-known interior designer who has made a name for herself in this very creative field.

Rehauling personal spaces according to your personality can transform your home or office into an exciting place that soothes your soul and relieves your tension after a tiring day. Ladies, put on your creative hat and let's meet for an exciting workshop on designing.
