November 2019

What went behind.....

We started with a few and how we have grown! As we step into our 15th year we welcome new members into The Aura, a place to explore, grow and build within.

The animated powerpoint presentation with Ira as an invisible member of the Aura narrating the events of the year gone by, set the tone for the annual event. On our 14th anniversary we had with us Lavanya Prasad, a professional story teller, who sees everything in the world through stories. With a fascination for people, their culture, dialects and music, she wove them in right proportions in her art of story telling. The event saw active involvement by the children and a walk through memory lane for most of us as we relived our story sessions with our grandparents.

What Lies Ahead.....

What better way to welcome new members than with fun , frolic, food and laughter. Let's meet this November for a morning filled with games, music and entertainment. We bring to you FestEva, with none other than Michelle Shetty!

Meet Michelle Shetty, Tamil movie actress, model , show host and fashion stylist, a bright and lively person who virtually grew up on stage. Her passion for music and talk which began at her early years in school has now made her a much sought after anchor .

Be on time so that we start on time. With lots of prizes to be won, let your hair down and have a whale of a time.
