A very Happy New Year to all our members!

"Super show, fantastic team work. So happy for all of you and so happy to be part of it. My compliments and congratulations to team Aura for the great organizational skills each one of you displayed today" said Mrs Neeta Sharma, President of Baidyanath Ayurved Pvt Ltd. With more compliments pouring in, we are still on cloud nine, savouring the events of our meeting in December.

The interactive session with our three panelists Aruna Vishwanathan Anand, Alyona Sanjeev Kapoor and Neeta Sharma gave us a peek into the life of a celebrity spouse. They ably manage and support their husband in their profession, manage home and run their own successful enterprises. Replying to a query on work life balance, the three women agreed that it's important to see oneself as an individual. Women are no less, they can balance any situation and emerge as a whole. Life becomes a comfortable journey when we see home as one unit where each one takes responsibility, does what one can do best.

It was a real treat when the celebrities themselves joined in to say a quick 'Hi' to The Aura. An inspiring and energizing session, wonderfully hosted by Aura Astraea.

Year after year, confident, courageous, intelligent women from all over the country have made India proud with their sterling record of achievements.

While women are breaking barriers in space exploration, there are many who form a silent yet significant force behind satellites that are placed in orbit by the Indian Space Research Organization.

Mrs Subhalakshmi Krishnamoorthy, is a qualified electronics engineer and a space scientist by profession. She has worked at ISRO for 3 decades and served as Deputy Project Director for 4 satellites. With more than 35 satellite projects behind her including the Mars Orbiter Mission, this scientist manages Carnatic vocal concerts and also cuts albums when free.

Vidhushi Subhalakshmi is a graded artist of All India Radio and Doordarshan and a Gold Medalist in Music. She has enthralled music lovers in more than 170 concerts.

Be inspired by the wonder woman, Let's keep flying higher, inspiring others to fly along!
