

Greetings from The Aura,

So true are the words of the author Paulo Coelho, "When you want something, all the universe conspires in helping you to achieve it". We auraites proved it right as we set to explore the culinary world with none other than the most celebrated face of Indian cuisine Padma Shri awardee, Chef Sanjeev Kapoor.

With 'Fun Flavours and Food', we had the most enjoyable cooking show held in our city. The Chef extraordinaire, winner of several culinary awards, is living his dream of making Indian cuisine the number one cuisine in the world. From starters to desserts, the show featured his fun and entertaining style of presentation, where he de-mystified and brought to us the techniques and secrets of mouth-watering dishes.

The mystery box and Display My Dish contests were well recieved. Being the year of the millet, the event entered the Nobel World records for maximum participation online and offline, there by creating awareness in millet preparations in the Display My Dish contest.

With new memberships opening up in March, we look forward to many more new adventures in the coming months. Till then, Happy Cooking everyone!
