June, 2025

Greetings from The Aura,
A professional magician once said, “Just get me a deck of cards and some attentive audience, and I have made my day and theirs too”. It was one such event at The Aura, a session that combined fun, surprise, and mystery. We sat with eyes wide open, yet unable to decide, if what we saw was magic or illusion.

The morning with Vignesh Prabhu the Corporate Mentalist & Illusionist was an immersive experience with a blend of familiar and new tricks. The performance used a combination of psychology, magic tricks, and showmanship to create the illusion of mind-reading. His ability to read minds, predict our responses, and perform other incredible feats left us amazed and mystified.

With new members joining The Aura, there was magic in the air. Aura Athena gave a refreshing start to the day with games and creative gifts for the birthday celebrations. we look forward to an exciting year ahead!

The magic show was indeed a magical experience. Actually it was such fun trying to deduce how Vignesh must have technically executed all these interesting acts. It was totally an intriguing experience and we all had a marvelous time.
