Greetings from The Aura,
Fastrak'25 – A journey etched in wheels
and whispers. The rally is done, the roads
are behind, but memories linger in heart
and mind.

Fastrak, a much awaited event for
Trichiites saw national level rallyists from
different cities travel to our town for the
first time to participate in the champions
league category. With more than 70 cars
joining the event, the 10th edition of the
TSD car rally was a celebration of good
driving skills, camaraderie, and a strong
commitment to road safety.

We were honoured to have the
commissioner of police Mrs N Kamini at the
flag off ceremony and the DIG of police Mr
Varun Kumar grace the valedictory
ceremony to present the trophies to the
winners. Our heartfelt gratitude to our
sponsors, organizers AA Motorsport
Solutions and all those who supported us
during the event.

With wider smiles and louder cheers cars
with auraietes were flagged off. Your smiles
and feedback at the finish line said it all.
Hoping to see more teams in the next
edition of Fastrak.

Until then, Steer Safe!

When you love what you do, its called passion. When purpose meets passion, you are unstoppable.

Meet Meghavi Sharma Founder of Studio Modah, Punch Needle & Fiber Artist, an Instructor and Cricut Contributor. A creative soul at heart, she was drawn to colours, textures, and handmade magic since childhood and pursued her passion after her MBA. Later, fascinated with human behaviour, Meghavi pursued an M.Sc. in Psychology, then paused everything for one of life's most beautiful journeys—motherhood. That's how Studio Modah was born—a space where she could make what she loved and teach others to do the same.

Meghavi's designs are now used by makers around the world. She says, "The day I discovered punch needle embroidery, it completely changed my life. The textures, the colours, the slow, meditative rhythm—it felt like coming home".

Her mission is simple: to bring back the joy and deep satisfaction of creating something by hand. Join us at the hands on session to rediscover your creative self.
