What Went Behind

Dr.Arunji, through anecdotes from Yoga vasishta beautifully brought out how whatever we perceive on the outside is merely a reflection of how we feel inside. Moving beyond these temporary illusions is the path to true enlightenment and self realization.

Reflections

This topic has been dealt by every religion may be in a different context and therefore need'nt have to be more specified or restricted to one particular cult. In my opinion had it been secular, would have acclaimed more response.
