## WHAT WENT BEHIND

An interesting morning programme where several aspects of cinema and special personalities of this magical world was presented by Shylaja Chetlur to an enthusiastic audience. She took us through her journey in the domain of Cinema, a field of art, 'a medium that can translate ideas' that has always been and is being constantly enjoyed and critically acclaimed by a large section of viewers.

She talked of her forum 'Cinema Rendezvous' where the movie buffs of Chennai meet 'to rejoice and reflect' on cinema from all over the world, to interact with prominent personalities from the creative world of cinematic art and media, to discuss the movies that have been screened and to talk about 'what is in the frame and what is out'. She encouraged our members to enliven their lives with the new hobby of videography and create simple movies of their family trips and tours.

*"Lively group of enthusiastic women whom I hope will be doing more than what they already are. Nice cross section of Trichy women too. Participative bunch. Was a pleasure. Thank you."*

Topic 'Money Matters'

Speaker Harish Rao  
Money Management Coach  
Simple Equation, Bangalore.

The all encompassing seal and stamp of success, the 'running horse that should be kept well in hand', the most essential thing that sets the world in motion- MONEY will be the centre of discussion this month. Its time all of us got our money matters in order and a knowledge in investment and proper management will only pay the biggest interest. Money, has from days of yore, wrongly believed to be the root of all evil. But who can deny the power that it bestows, the freedom that it leads us to, the cushioning effect that it provides- it is the sum of all blessings. This month we are having a money management coach to guide you in the art of making money efficiently and keeping it proficiently and investing effectively. A small coin may seem to be a very insignificant thing, but it from this that fortunes spring.

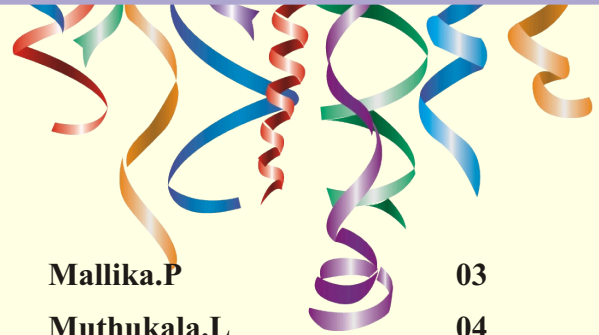

*"When it comes to money, you can't win. If you focus on making it, you're materialistic. If you try to but don't make any, you're a loser. If you make a lot and keep it, you're a miser. If you make it and spend it, you're a spendthrift. If you don't care about making it, you're unambitious. If you make a lot and still have it when you die, you're a fool--for trying to take it with you. The only way to really win with money is to hold it loosely--and be generous with it to accomplish things of value." - John C. Maxwell in Motivated to Succeed*
