WHAT WENT BEHIND

At the last meeting, the psychometric test helped us discover our temperament - sanguine, choleric, melancholic or Phlegmatic.

Do I have:

The stability and foresight to stay straight on the course.

The eye for detail while others do shoddy work.

The ability to analyze and arrive at the proper solution.

The aim to finish what I start.

The patience to put up with provokers.

The ability to listen, while others have their say.

The gift of mediation, uniting opposing forces.

The purpose of peace at almost any price.

The will to live in such a way that even my enemies can't find anything bad to say about me.

The talent to create a masterpiece where nothing existed before.

The pledge "if it is worth doing, it's worth doing right."

Sam Ellis took us through this analysis with ease and finished with an auto suggestive melody for a beautiful day.

WHAT LIES AHEAD

Life and literature go hand in hand. While instruments, devices and all things materialistic contribute to our external growth, the internal can be nurtured and built only with literature, music and the arts; and it is the internal that makes us a unique human and a perfect soul. Poetry, Prose, Drama all interesting aspects of Literature kindle the 'romantic' in us.

At the December Meeting, we will be introduced to an interesting Literature, who will, through her verses in English and Tamil familiarize us with Life, Literature and Society. It will be a moderated talk show, in which all members present will be participants.

"Literature is the art of discovering something extraordinary about ordinary people, and saying with ordinary words something extraordinary". - Boris Pasternack
