January 2021

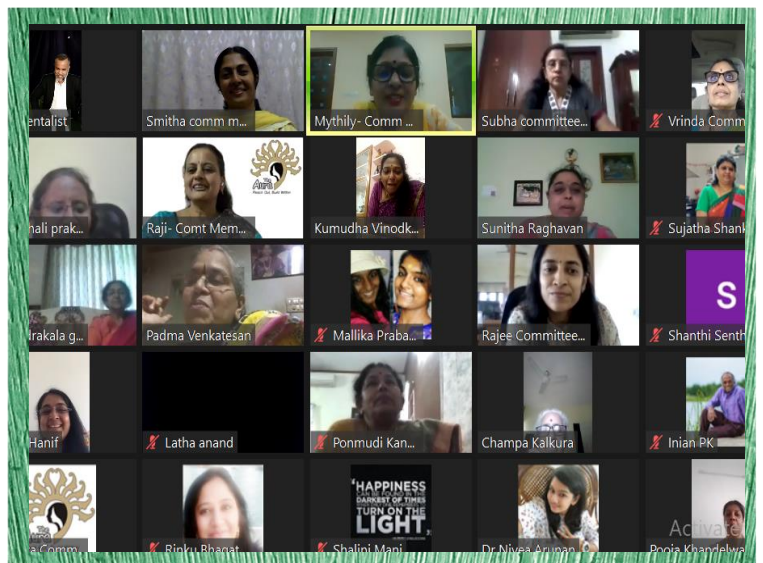

Greetings from The Aura!

The year 2021 dawned with an interactive and magical evening with Magician and Mentalist Gopal, where he left us in awe right from the word 'go'.

There were no rabbits from a hat or pigeons from a box, it was a live evening of mesmerizing mind magic.

With a passion for mind reading from his early days, Gopal had a dozen tricks up his sleeve for the Aura ladies. Right from his Facebook post way back in October following an intuition that he would be performing at the Aura, to the exact amount of the hotel bill that our member would order. We sat wide eyed all through the show floored by the stunning art of magic.

Thank you members for your active participation as volunteers during the show, we look forward to your honest feedback of the events.

"All power is within you, you can do anything and everything"

-Swami Vivekananda

Our spirituality is the 'spirit' in which we live. Some associate it with religion, some with personality. It is the perennial search for human identity and attempt to understand one's own self. The quality of our lives is dependent on how we are within ourselves.

To help us take authority of our life, we have with us Prof. Makarand Paranjape, the director of Indian Institute of Advanced Studies, Shimla. He was also a former professor of English at Jawaharlal Nehru University. He received his Masters and PhD from the University of Illinois. A poet, critic, novelist, literary columnist, he has presented more than a 100 academic papers in India and abroad.

Let's effectively tap into the power of our spiritual essence to heighten our awareness of the gifts life has to offer.
