April 2021

Greetings from The Aura,

“There are no limits to what you can do, except the limits you place on your own thinking” said motivational speaker, Brian Tracy.

In a virtual meeting in March, we met two inspiring women who have broken the proverbial glass ceiling and proved their mettle in their respective fields. Mrs.S.Rajeswari IPS, Joint Commissioner of Police, spoke about the social media crimes on women. She had a word of caution for those who lead their lives on the virtual world. Being aware of the pitfalls of the internet and reporting matters to the authorities will help women stay safe in the cyber world.

Our second speaker Sabita Radhakrishna is a lady who has donned many hats. An author, food columnist, broadcaster and textile revivalist, Sabita proudly showcased the splendiferous weaves from across the length and breadth of India. Drawing her energy from her moto - ‘do one good deed a day’, she aims to provide sustainable livelihoods to the weavers. A mission close to her heart.

You can see a road block, or you can find a new way to go. Which lens shapes your view? Does it only see the bad, or can it see the beautiful too?

Meet Ms Preethi Srinivasan, founder of Soulfree, an organization that focuses on empowerment of persons with spinal cord injuries and disabilities.

A super girl in her teens, Preethi excelled in academics, became a national level swimmer and youngest member of the Tamil Nadu cricket team. A freak accident turned her life upside down. Preethi now has metamorphized into a glorious butterfly, spreading love and laughter as she sees this as her purpose in life. www.soulfree.org
