September, 2023

Greetings from The Aura,

The Aura has always assayed to ingrain the aphorism of fun with learning, and it is this quest that makes us probe into the horizon.

Travel is one of life's greatest teachers and here we were, a bunch of excited auraites on a journey to Milky Mist Dairy Pvt Ltd at Perundurai, to explore and create lasting memories.

The Milky Mist plant, equipped with the state of the art technology is a 100% product company and the only dairy in India to convert all the milk procured into value-added products. We saw the fully automatic state-of-the-art Paneer processing plant with custom-built technology from Germany. Hard work and managerial efficiency has turned the business into the best paneer brand. A visit to the plant, great hospitality by our hosts and loads of shopping at the Milky Mist parlor made our day.

Travel to form strong bonds with people, learn new skills and create fond memories.

In India, life is synonymous with festivals and each of these bring with them a wave of excitement and happiness. Each one has an essence and flavor of its own. We bring to you, the most popular, vibrant and widely celebrated festivals of India that reflect the cultural beauty of our country.

Navarathri celebrations are incomplete without vibrant Dandiya Raas and Garba dances, Golu arrangements and Durga pooja. Diwali, the festival of lights, symbolizes the ultimate victory of good over evil.

At The Aura, we celebrate life, not just festivals. Come dressed in colourful traditional attire. Cheer your friends as they showcase their talents and traditions. The air of happiness that surrounds us during these celebrations is unmatched. You won't want to miss it!

As the festivities begin, may the light of the diyas guide us on the way to happiness and success.
