Greetings from The Aura,

October is all about staying active, celebrating together and making memories. At The Aura it was time for Celebration through a "blast from the past". The retro-themed 21st anniversary celebration turned out to be a nostalgic, high-energy experience focused on vintage fashion, classic hits, and non stop dancing.

Flashback

DJ Kingzly, one of the most versatile DJs from Tamil Nadu, seamlessly blended iconic golden-era retro tracks that kept the dance floor vibrant. The hall was a sea of retro sarees, polka dots, oversized sunglasses, and classic updos. The costume element acted as an instant icebreaker as members walked in, adding a fun element to the celebrations. Best dressed members and families walked away with special prizes!

The retro evening was an immersive, multi-generational bonding experience that members will be talking about for months.

Prelude

Making money is an art. Making it last is a skill! As we light the lamps this Diwali, let's illuminate our minds with financial lessons, which can guide us toward a more prosperous and secure future.

Together, let's demystify money matters, with our guest Suraj Kaeley, a veteran with over three decades of leadership experience in the Indian financial services industry. Suraj held leadership roles at some of India's most respected financial institutions.

Having worked relentlessly to popularise Systematic Investment Plans (SIPs) as a disciplined path to wealth creation, he recently published a book - The Desi Retirement Plan to address key issues that we all face in terms of our finances in our retirement years.

Let's be there to unlock new insights for a more secure future!

Remember, the festive vibes are calling! Dress to dazzle in your finest festive finery! Think sparkle, shimmer, colour and all things Diwali!
